

2025 AUTUMN WINTER

Kumiko Maki invites you to the Silence and Hope of Osezaki

～ Listening to the heartbeat of the sea, a new nature inn experience ～

At the tip of Japan's Izu Peninsula, where Mt. Fuji meets the deep Suruga Bay, lies Osezaki — a balcony overlooking the “Ocean Alps.” Here, silence isn't empty. It's alive — in the rhythm of waves, the breath of the rocks, and the shimmer of light touching the sea. nature inn Osekan guide Kumiko Maki invites you into this world of listening to nature — an experience that goes beyond diving.

The Guide — Ms. Kumiko Maki

With over twenty years of diving experience, Maki doesn't just guide dives — she creates moments of calm where people and the sea meet. Her strength is empathy: sensing a guest's unease and turning it into quiet confidence. Every dive, every snorkel, becomes a time to rediscover connection — not only with the ocean, but with oneself.

Listening to Silence — The Osezaki Experience

The deeper you go, the more the world opens. At Osezaki, silence rebuilds your inner awareness. Through guided dives, snorkeling, and sunrise or sunset walks on the cape with Mt. Fuji in view, Maki leads guests to rediscover the balance between nature and soul.

Hope Beneath the Surface

In drifting silence, we learn to listen — to nature, and to ourselves. nature inn Osekan offers not just an activity, but a journey of renewal: a quiet encounter with hope, gently rising from the heart of the sea.
